

## Devos Homepage

### DEVO TEAM

This is a fun Saturday-only program for all-mountain skiers ages 8 -13. Athletes are divided into groups and ski with a designated coach every Saturday throughout the season.

Athletes will split their time between directed free-skiing with their coaches and learning the basics of race techniques through both drills and set courses.

Athletes are also encouraged but not required to participate in Youth Ski League (YSL) races throughout the season.

New DEVO II Program ASC is pleased to offer a new program this year for skiers ages 13-15. The DEVO II program is an expansion of our DEVO program. It is designed to accommodate those skiers who are graduating from Alyeska Mighty Mites or DEVOs and aren't ready to commit to the full Junior Program. This is a fun Saturday-only program for all mountain skiers, age 13-15. Athletes will split their time between directed free-skiing with their coaches to learning the basics of race techniques through both drills and set courses. Skiers are encouraged but not required to purchase a USSA student license so that they can race in any local USSA races. See this year's Team DEVO Program Overview for more information on either the DEVO or DEVO II Program.
